Organization Information:

WellSpace Health is one of Sacramento's premier non-profit organizations proudly serving the homeless and underserved community of Sacramento for over 40 years. We offer professional services including: high quality primary health care; family planning; women's health including OB; immunizations; well child care and testing; diagnosis and treatment; addiction treatment; mental health counseling and pediatric dentistry.

We are a leader in integrated care, blending physical health services with our well-known addiction and mental health treatment. We also offer a range of medical products through community partnerships including our T3 Program (Triage, Transport and Treat) that reduces Emergency Room overcrowding and our Interim Care Program (ICP) that reduces medical relapse following hospital discharge. In 2010 we have opened the first pediatric dentist clinic in the Sacramento area for our community.

Summary Statement:

The Integrated Behavioral Health program utilizes the IMPACT model to treat patients in the primary care setting within a multidisciplinary team including Primary Care Providers, Licensed Psychologists, Licensed Clinical Social Workers, Psychiatrists, and IBH Care Coordinators. The primary tasks of this position include providing mental health assessments and treatment to patients ages 18 and over. Additional duties include consulting with other IBH and medical providers to discuss patient care, referring patients to County mental health services or community resources, and maintaining electronic health records for patients.

We welcome candidates who are: Knowledgeable of short-term, evidenced-based models such as CBT, PST, TF-CBT and comfortable with the fast pace, frequent schedule changes, and interruptions of primary care setting, working as part of an interdisciplinary team, and able to work through brief client contacts, as well as make quick and accurate clinical assessments of mental and behavioral conditions. Experience working in healthcare setting preferred. Must possess strong organizational skills, be flexible, and team oriented. Excellent interpersonal, written, and oral communication skills are required as well as basic computer skills to perform documentation and billing functions.

Additional information: Pay rate is \$40 per hour/\$83,200 annual for full-time 40 hours a week. Position is exempt and includes full benefits.

Required Qualifications (Knowledge, Skills, Abilities, Education, Training, and Licensure):

- Master's Degree or Doctoral Degree;
- Must possess a valid CA state license to practice Clinical Psychology and/or Social Work;
- Licenses permitted to bill Medi-Cal in FQHC setting include LCSW and Licensed Psychologist only;
- Bilingual English/Spanish is highly preferred;
- Strong interpersonal skills;
- Ability to work in a fast pace environment;
- Ability to understand and adhere to department goals, standards, policies, and procedures, which may include some familiarity of other departments within the organization;

Physical Demands and Work Environment:

The work environment is characteristic of normal primary care office conditions. The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. While performing the duties of this job, the employee is frequently required to sit; use hands to finger, handle, or feel. The employee is occasionally required to stand; walk; and reach with hands and arms. The employee must occasionally lift and/or move up to 10 pounds. Specific vision abilities required by this job include close vision, distance vision and ability to adjust focus. The employee must also possess hearing and speech to communicate in person and over the phone. The noise level in the work environment is usually quiet.

The employee may be in contact with individuals and families in crisis who may be ill, using substances and/or not attentive to personal health and safety for themselves. The employee may experience a number of unpleasant sensory demands associated with the client's use of alcohol and drugs, and the lack of personal care. The employee must be ready to respond quickly and effectively to many types of situations, including crisis situations and potentially hostile situations.

Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.
